

APES

Association des Parents d'Élèves du Sportlycée

(GB)

Visions

To gather, represent, and advocate for the academic and athletic interests and development of students.

To be a constructive and supportive intermediary when needed.

To improve the daily management of sports students.

Missions

APES aims to provide support:

- in school projects
- during education council meetings
- at Restopolis meetings
- for academic and athletic fulfillment

but also:

- to contribute to the national parent representation commission

Interested in participating?

Send us an email at :

apes@sportlycee.lu

Don't forget to include your name, surname, and the name(s) of your child(ren).

Or would you like to become a member?

Please transfer 12€ to the following account: CCP LU40 1111 2997 4717 000

Dear parents of pupils at the Sportlycée,

Your child has extraordinary talents! This has been proven in their world of sports, and oftentimes, the federation where they are licensed, has offered them admission to the Sportlycée curriculum. Sportlycée has become its own independent institution. In this school, your child now, has the opportunity to pursue numerous courses that are necessary to maintain a high level of sporting performance while balancing school, homework, exams, and other commitments effectively. It's a real chance to harmonize sports and education at a consistent level.

But it's not just that; it's also about realizing dreams of medals, both academically and individually, offering a plethora of diverse opportunities through teamwork and skill

development, that can be used in other areas of life, either directly or later on.

Because school culminates in a diploma, a qualification that is crucial for finding employment later on, not only for the elite athletes who make a living solely through sports, even after their careers end.

Pupils, teachers, and parents all share a common ambition: **student success**. As the parents' committee of the Sportlycée, we aim to contribute to this. That's why we seek to **engage in dialogue** with all stakeholders, including the management, teachers, and administration of the Sportlycée, as well as interested parents, to identify, discuss, and if possible, **resolve pupil issues** as early as possible. We **provide our input**, when requested, or when we believe it to be relevant.

As a parents' committee, we are **part of the "Education Council"** of Sportlycée

and **participate** in various activities organized by the school. The parents' committee comprises **volunteers**, of whom have a child studying at the Sportlycée.

The concept of "volunteering" naturally only works if we have **the support** of other parents who also have a child graduating from the Sportlycée.

We look forward to any support in this regard. Please don't hesitate to **reach out to a member of the parents' committee** if you wish to lend a hand.

Thank you very much in advance.

The parents' committee
of the Sportlycée
