

## Covid-19: Arrangements for testing at schools Declaration of participation for the academic year 2021/22 (Cycle 1)

In the light of the evolution of the pandemic in the Grand Duchy, the health arrangements put in place by the Ministry of Education, Childhood and Youth have been adjusted for the academic year 2021/22. The **arrangements for testing** at schools are henceforth as follows:

- Base scenario = 0 positive cases in the class
- Scenarios 1 and 2 = 1 or 2 positive cases in a class
- Scenario 3 = 3 to 5 positive cases in a class
- Scenario 4 = more than 5 positive cases in a class and/or more than one class involved

**Testing arrangements apply to pupils in cycle 1 in the context of the base scenario and scenario 1.**

As long as the base scenario applies to the class, pupils in cycle 1 are to carry out **two rapid antigen self-tests each week, at home**. In this case, participation is **voluntary**.

In the context of scenario 1,

- the class is separated from the rest of the school, and it is recommended that pupils do not attend daycare facilities (maison relais); pupils who have recovered may continue to attend
- The arrangements for testing at home are maintained.
- After six days of separation, pupils are offered a PCR test, carried out by the mobile teams of the National Health Laboratory (Laboratoire National de Santé - LNS). If the mobile teams are not available and/or in the absence of valid consent, the people concerned will be given a prescription by the Health Inspectorate for having a PCR test carried out at a medical analysis laboratory no earlier than 6 days after the last contact with the positive person.

If flu-like symptoms are noted while the pupil is at home, it is recommended that a rapid antigen test should be carried out at home.

Information about the type and application of the test are available online at [www.edutesting.lu](http://www.edutesting.lu). The website contains videos explaining how to use the test, and a set of FAQ in several languages.

Depending on the evolution of the virus within a school, the Health Inspectorate may propose **cluster testing** for the entire school. In this case, the PCR tests are carried out by the mobile teams of the LNS, and participation is **voluntary**.

**Participation** in the testing arrangements described above depends on the class teacher having received this declaration of participation, duly filled in and signed. Please note that consent may be given or withdrawn, in writing, at any time.

More information is available online at [covid19.men.lu](http://covid19.men.lu).

*If you have any questions about the processing of this information or wish to exercise your rights, you may (providing proof of your identity and if appropriate that of your minor child, by attaching to your request a legible, valid copy of your ID document and that of your minor child) contact the Controller (person responsible for data processing) or the Data Protection Officer at [dpo@men.lu](mailto:dpo@men.lu).*

Covid-19: Arrangements for testing at schools  
**Declaration of participation for the academic year 2021/22**  
**(Cycle 1)**

I the undersigned Mr / Ms\*

(Family name) \_\_\_\_\_

(First name) \_\_\_\_\_

(Tel.) \_\_\_\_\_

mother/father/legal representative\* of

(Family name of the pupil) \_\_\_\_\_

(First name of the pupil) \_\_\_\_\_

(Registration no. (matricule) of the pupil) \_\_\_\_\_

(Name of school) \_\_\_\_\_

(Class) \_\_\_\_\_

*(please put a cross in the corresponding box(es))*

- declare that, in the context of the base scenario and scenario 1, my child is to participate in the testing *arrangements* described overleaf (2 rapid antigen self-tests each week, carried out at home)**
- consent, in the event of a scenario 1 and/or *cluster testing*, to my child participating in the testing *arrangements* described overleaf (PCR test to be carried out wherever possible by the mobile teams of the National Health Laboratory)**

Participation necessarily involves **the result of each PCR test carried out at school and personal data** (last and first names, registration number, address and mobile phone number) being passed on to the **Health Inspectorate**.

I therefore undertake

- **to declare any positive result noted at home to both the school and the Health Inspectorate (website at <https://covidtracing.public.lu/covid> or hotline on 247-65533)**
- to collect my child as soon as possible in the event of a positive result for a test carried out at school; to do this, I would like the school to contact:

Ms/Mr\*: \_\_\_\_\_

on mobile phone no.: \_\_\_\_\_

***By handing in this form, you agree to your personal data being processed in accordance with the foregoing.***

Done at (place) \_\_\_\_\_ on (date) \_\_\_\_\_.

Signature \_\_\_\_\_

**Please return this form to the school as soon as possible.**
