

Covid-19: Arrangements for testing at schools
Declaration of participation for the academic year 2021/22
(Teaching, supervising, administrative and technical staff)

In the light of the evolution of the pandemic in the Grand Duchy, the health arrangements put in place by the Ministry of Education, Childhood and Youth have been adjusted for the academic year 2021/22. The **arrangements for testing** at schools are henceforth as follows:

- Base scenario = 0 positive cases in the class
- Scenarios 1 and 2 = 1 or 2 positive cases in a class
- Scenario 3 = 3 to 5 positive cases in a class
- Scenario 4 = more than 5 positive cases in a class and/or more than one class involved

In the case of members of staff, testing arrangements at schools apply in the context of the base scenario.

As long as the base scenario applies to the class, members of staff are to carry out **two rapid antigen self-tests each week, at home**. In this case, participation is **voluntary**.

In the context of scenarios 1 to 4,

- persons who have been vaccinated or have recovered will not be put into quarantine. They will be given a prescription by the Health Inspectorate for having a PCR test carried out at a medical analysis laboratory no earlier than 6 days after the last contact.

If flu-like symptoms are noted

- while the person is at home, it is recommended that a rapid antigen test should be carried out at home
- while the person is at school, it is recommended that a self-test should be carried out at school. In the event of a positive result, the pupils in the class that have handed in a declaration of consent also carry out a self-test.

Information about the type and application of the test are available online at www.edutesting.lu. The website contains videos explaining how to use the test, and a set of FAQ in several languages.

Depending on the evolution of the virus within a school, the Health Inspectorate may propose **cluster testing** for the entire school. In this case, the PCR tests are carried out by the mobile teams of the LNS, and participation is **voluntary**.

Participation in the testing arrangements described above depends on the school having received this declaration of participation, duly filled in and signed. Please note that consent may be given or withdrawn, in writing, at any time.

More information is available online at covid19.men.lu.

The statutory rules on the protection of personal data, including the entitlements of the individuals whose data is processed (right of access to the data, right to have data deleted, corrected, etc.) are applicable under the corresponding conditions and subject to the exceptions and waivers provided for.

If you have any questions about the processing of this information or wish to exercise your rights, you may (providing proof of your identity and if appropriate that of your minor child, by attaching to your request a legible, valid copy of your ID document and that of your minor child) contact the Controller (person responsible for data processing) or the Data Protection Officer at dpo@men.lu.

Covid-19: Arrangements for testing at schools
Declaration of participation for the academic year 2021/22
(Teaching, supervising, administrative and technical staff)

I the undersigned Mr / Ms*

(Family name) _____

(First name) _____

(Registration no. (matricule)) _____

(Tel.) _____

(Name of school) _____

(Class) _____

agree to participate in the testing arrangements described overleaf *(please put a cross in the corresponding box(es))*

- in the context of the base scenario (two rapid antigen self-tests per week, at home)**
- in the context of *cluster testing* (PCR test carried out by the mobile teams of the National Health Laboratory)**

Participation necessarily involves **the result of each test carried out at school and personal data** (last and first names, registration number, address and mobile phone number) being passed on to the **Health Inspectorate**.

I also undertake **to declare any positive result noted at home to both the school and the Health Inspectorate** (website at <https://covidtracing.public.lu/covid> or hotline on 247-65533).

By handing in this form, you agree to your personal data being processed in accordance with the foregoing.

Done at (*place*) _____

on (*date*) _____

Signature _____

Please return this form to the school as soon as possible.

* Please circle the appropriate title
